- TypeScript
- Solidity
- HTML5
- CSS3
- ReactJS
- Next JS
- React Native
- SCSS, SASS
- Tailwind CSS
- Bootstrap5
- Redux
- Context API
- Git
- Ethers.js, Web3.js
- NodeJS
- Nest JS
- Express JS
- Docker
- Prisma
- GraphQL
- Socket IO
- Firebase
- AWS
- Postgresql, MySQL
- MongoDB
- Web3
- Smart Contract
- Truffle, Hardhat
- IPFS, Swarm

EXPERIENCE

Mobile App Developer, Afriex, Nov 2020 - June 2022, Lagos, LA Nigeria

- Implemented rapid prototypes to get products to market quickly.
- Cultivated and established best practices for mobile applications and evangelized continuous delivery with a focus on speed, risks, and fast end-user feedback.
- Focused on continuous improvement by keeping up-to-date on the latest Android and iOS developments and trends and presenting for architectural review.
- Developed a power finance mobile application using react native

Full Stack Software Developer, Loanith INC, April 2018 - Oct 2020, Lagos, LA Nigeria

- Recommended and developed security measures in post-implementation analysis to reduce the risk of breach.
- Developed program logic for new applications based on fresh coding or revamped logic from existing applications.
- Evaluated user requests for new or modified computer programs to determine feasibility, cost, and compatibility with current systems and capabilities.

Full Stack Developer Intern, Wootlab Innovations Limited, Sept 2017 - Feb 2018, Abuja Nigeria

- Built front-end of applications through appealing visual design.
- Presented innovative ideas to improve systems, processes, or services and new perspectives based on independent research.
- Researched problems discovered in testing or production and developed solutions.
- Updated web pages and navigation tools to meet the client's current needs and improve usability.
